Dear Leonard, Michael and Millicent DuBoff,

Thank you so much for the generous scholarship! I was very excited to learn that I was a recipient. It will go a long way in helping me achieve my goal of working in the health or family law sector. Having less debt will enable me to emphasize my goals and place less emphasis on salary, both for a summer job and after I graduate. I sincerely appreciate your generosity and hope to someday be able to give back to the community and the law school myself.

Best wishes and happy holidays!
